

Zina Young

California Ave

My name is Zina - some call me Zee

I currently attend Ultimate Faith Christian Church in Bolingbrook, Illinois.

I work for APL Logistics Company in Minooka, IL as an Inbound Planner Coordinator.

Sweat Equity - To begin my hours, I was assigned to be a Site Host. Helping with other Habitat homes along side with the Construction Site Managers & amazing volunteers & now my own home! I help doing things that I never dreamed; I can be found painting, nailing, flooring, installing, etc. & I love every moment of the process! This really gets me focused & helps me realize that someone out there needs help with achieving their dream too. Being a Site Host I have met some great, awesome & stunning people that are willing to give up their time on a Saturday morning to lend a hand to help others!

Being a Habitat Homeowner Partner - means to me

A secure place to be in - Homeownership. But also having the opportunity to achieve it though sacrifice, risk-taken & time & hard work. I have always dreamt of owning a home, I even fantasize about sitting outside on my patio drinking a cold glass of lemonade on a sunny beautiful day. Owning a home is very important to me, the thought of having a home as an asset & paying a mortgage will increase my equity in that asset, which is so much better than paying rent. This investment will make a huge difference for my financial future. Finding Habitat for Humanity has helped me get back on track. The great & outstanding staff has worked with me on all levels of my financial needs and support and I'm overly grateful. Now, I have a positive mindset & a sense of dignity & pride. What a good journey for me at every level. There can be endless possibilities for anyone who wants to pursue the "Dream". This has been an amazing accomplishment for me, while I had to challenge some adversity, but with unflinching determination, owning a home through Habitat for Humanity will be a life altering decision & one of the most important in my lifetime.

A perfect opportunity knocks of the "American Dream".

I did it & couldn't have done it without being a partner with Habitat for Humanity. Again, forever grateful for the Blessing.

Dreams Do Come True!
